

STOLEN TRUCK EAST OF MEDICINE HAT

Posted February 6, 2018

A truck was stolen the morning of February 6 from a farm east of Medicine Hat near Highway 41A.

The truck is described as a 2015 White 2500HD gas GMC Sierra long box with the double cab. Looks like the one in the referenced picture, right, but with the old tow mirrors, also has a Cap-it tool box on the back with wood working and metal tools.

Alberta license plate 24-L503.

Thieves also stole a blue Yamaha 450 grizzly quad.

Anyone spotting this truck is asked to call Redcliff RCMP at (403)548-2222, 911 or their local police service immediately.
