

## **B&E IN WALSH**

*Posted October 12, 2019*

Shared from the Redcliff RCMP: To all county residents, with specific attention to those in Walsh: Sometime during the last week there was a Break and Enter in the town of Walsh, and some items were taken from the property owner. The RCMP is reminding residents to secure their houses, out-buildings, vehicles and to be sure that anything of value is put away in a safe location.

Furthermore, look out for your neighbours, and share information with each other.

Rural crime is on the rise in Alberta, and we are urging residents to do their part in preventing, and deterring it from happening.
